SPECIFICATION

SPECIFICATION	
System	
Main Processor	MX3520
Operating System	Embedded LINUX
RAM	DDR3 512MB
ROM	EMMC 8GB
Screen	
Dimensions	7 inch IPS HD LCD screen
Resolution	600*1024
Camera	
Туре	2MP camera
Sensor	1/5" GC2145
Resolution	NIR 800*600 15fps
Lens	2.4mm
Camera	
Туре	Daily camera
Sensor	1/2.8" SONY Starvis Back-illuminated CMOS sensor IMX307
Resolution	Color 1920*1080 30fps
Lens	4.5mm
Body temperature de	35 °C-42°C
Temperature range Temperature measuring distance	0.5-1.3m, 0.75m is the best
Face recognition	
Detection Type	Mask detection only
Face recognition distance	0.5-1.5m
Face database capacity	Max support 30,000 faces
Face Posture	Vertical 58*-60*, horizontal 35*
Occlusion	Ordinary glasses and short fringe have no effect on recognition.
Expression	Under normal circumstances, slight expressions do not affect recognition.
Response Speed	About 200ms
Face exposure	Support
Local Storage	Support storage of 25,000 records
Recognition area	Full screen recognition
Upload Method	TCP, HTTP, MQTT
Network Functions	
Network protocol	IPv4, TCP/IP, HTTP
Interface protocol	Private protocol
Security Mode	Authorized password
Event linkage	
	Voice broadcast. Abnormal event upload to the platform
System Upgrade	Voice broadcast - Abnormal event upload to the platform Support remote upgrade
System Upgrade Accessories	Support remote upgrade
System Upgrade Accessories Supplementary light	
System Upgrade Accessories Supplementary light Identification Module	Support remote upgrade IR light, LED white light /
System Upgrade Accessories Supplementary light Identification Module Audio out	Support remote upgrade
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module	Support remote upgrade IR light, LED white light /
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface	Support remote upgrade IR light, LED white light / Built in Speaker support voice broadcast after successful recognition /
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface	Support remote upgrade IR light, LED white light /
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input	Support remote upgrade IR light, LED white light / Built in Speaker support voice broadcast after successful recognition / Rl45 10M/100M Network Adaptation /
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output	Support remote upgrade IR light, LED white light / Built in Speaker support voice broadcast after successful recognition / RJ45 10M/100M Network Adaptation / Support 1 channel
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output	Support remote upgrade IR light, LED white light / Built in Speaker support voice broadcast after successful recognition / RJ45 10M/100M Network Adaptation / Support 1 channel
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 Interface	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS48S Interface Wiegand Interface	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS48S interface Wiegand interface Wiegand interface	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface TF card slot HDMI	Support remote upgrade R light, LED white light / Built in Speaker support voice broadcast after successful recognition / R light, LED white light / Built in Speaker support voice broadcast after successful recognition / R l45 10M/300M Network Adaptation / Support 1 channel Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support
System Upgrade Accessories Supplementary light identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS48S interface Wiegand interface TF card slot HOMI Reset key	Support remote upgrade R light, LED white light / Built in Speaker support voice broadcast after successful recognition / R light, LED white light / Built in Speaker support voice broadcast after successful recognition / R l45 10M/300M Network Adaptation / Support 1 channel Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface TF card slot HDMI Reset key Anti-disassembly switch	Support remote upgrade R light, LED white light / Built in Speaker support voice broadcast after successful recognition / R light, LED white light / Built in Speaker support voice broadcast after successful recognition / R l45 10M/300M Network Adaptation / Support 1 channel Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support Support
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface TF card slot HDMI Reset key Anti-disassembly switch General	Support remote upgrade R light, LED white light /
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface TF card slot HDMI Reset key Anti-disassembly switch General Housing	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface TF card slot HDMI Reset key Anti-disassembly switch General Housing Operating Temperature	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface TF card slot HDMI Reset key Anti-disassembly switch General Housing Operating Temperature Working humidity	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface TF card slot HDMI Reset key Anti-disassembly switch General Housing Operating Temperature Working humidity Storage Temperature	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface TF card slot HDMI Reset key Anti-disassembly switch General Housing Operating Temperature Working humidity Storage Temperature Storage humidity	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface TF card slot HDMI Reset key Anti-disassembly switch General Housing Operating Temperature Working humidity Storage Temperature Storage humidity Protection Level	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface IF card slot HDMI Reset key Anti-disassembly switch General Housing Operating Temperature Working humidity Storage Temperature Storage Temperature Storage humidity Protection Level Power Supply	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output Resay Output Resay Output RS485 interface Wiegand interface TF card slot HDMI Reset key Anti-disassembly switch General Housing Operating Temperature Working humidity Storage Temperature Storage humidity Protection Level Power Supply Power dissipation (maximum) Dimensions (mm) Bracket size (mm)	Support remote upgrade R light, LED white light
System Upgrade Accessories Supplementary light Identification Module Audio out Network Module Interface Network Interface Alarm Input Alarm Output Relay Output RS485 interface Wiegand interface IF card slot HDMI Reset key Anti-disassembly switch General Housing Operating Temperature Working humidity Storage Temperature Storage Inmidity Protection Level Power Supply Power dissipation (maximum) Dimensions (mm)	Support remote upgrade R light, LED white light
